ASIA-PACIFIC *Rendezvous*

Captive Insurance: Profiting from your Alternatives

RIRG's first Asia-Pacific Rendezvous is an unmissable and timely event for industry professionals looking to intensify their working knowledge of captives. An essential opportunity to network and meet industry peers and specialists.

Asia's insurance market differs markedly from that of the West, and as such, uptake of captive insurance companies by Asian corporations has been slow. But parent companies in the region are beginning to turn to captive insurance to achieve long-term cost savings and improved coverage, as well as to enjoy numerous additional strategic and risk management benefits associated with captive ownership.

The Asia-Pacific Rendezvous will highlight and explain the emerging opportunities captive insurance presents to regional corporations by providing valuable educational insight for both existing and prospective captive owners. Sessions and case studies will cover key topics including forming, funding and running captives, conducting feasibility studies and structuring fronting and reinsurance arrangements, with special attention paid to Asia-Pacific issues.

Delegates have a rare chance to hear directly from practiced captive management professionals, leading industry service providers, regulators and high profile captive owners from the region. Decide whether a captive is right for you now or in the future. Captive owners, plan how to develop your existing programmes. **Ensure you do not miss out on this unique opportunity.**

Sponsorship and exhibition opportunities

The Asia-Pacific Rendezvous presents the best opportunity to meet a highly targeted audience. For details of the wide ranging sponsorship and exhibition opportunities available to your organisation, please contact Nick Morgan on **+44 (0)207 269 7589** or email: **n.morgan@pageantmedia.com**
